3. Once the selects are chosen, please allow the photographer 30 days for your 100 images to be edited.
4. Due to the artistic nature of wedding photography, completion dates are only tentative:
However, every effort will be made to remain within the delivery schedule.
5. This contract does not include photographic enlargements, frames, or other accessories unless otherwise specified.
6. The length of time a color photograph retains its original color quality depends on, among other things, the environment in which it is displayed or stored. Photographic Dyes, like dyes used in other products, can change with time. To preserve the longevity of your photographs store them in a cool dry environment away from direct sunlight and in an acid free archival album or mat. For best results please give your DVD to the lab to print from the DVD. The kiosk printers will auto correct, and the large volume printers will not print your colors correctly, as the chemicals are usually tired and worn out. Michael Tompkins Photography recommends a Professional Lab for best results.(Carsand Mosher or Atlantic Photo in Halifax).
7. All work is guaranteed as to photographic quality and craftsmanship. Michael Tompkins Photography shall not be held responsible for non-performance due to mechanical failure, acts of God, or any other circumstances beyond its control. The studio's liability is strictly limited to return of monies received.
